

Vote "Yes" on the Madison School Referendum

The state funding system is broken and our students are suffering.

- ❖ Madison schools must cut \$8 million next year on top of the \$60 million and 700 jobs they have already cut over the last decade.
- ❖ Even bigger class sizes loom, as well as more cuts to arts, music, nurses, counselors, teaching materials and transportation.
- ❖ For an extra \$5 a month for the average Madison homeowner, you can keep our schools and our neighborhoods strong.
